

Obiettivi

Il concetto di reciprocità, come espressione più profonda della relazione, è entrato ormai nel "dizionario" della psicologia. Accanto ad esso è possibile esplorare anche il senso del dono?

Esiste un nesso tra identità e dono di sé? Su queste e altre domande

Psicologia e Comunione si interroga in un dialogo aperto tra accademici, ricercatori, professionisti e studenti.

Goals

The idea of reciprocity, as the most profound form of relationship, has become a part of psychological vocabulary.

With this in mind, we would like to explore the meaning of gift of self.

We would like to discover if a connection exists between a sense of self and gift of self.

These and other topics will be addressed at the **Psychology and Communion** Congress through an open dialogue among academicians, researchers, professionals and students.
